OF EMERGENCY SERVICES

SITUATION SUMMARY

Butts Incident, Vegetation Fire, Napa County

Fire Information:

- Per ICS 209 dated 07/02/14 at 1800 hours ([Current ICS-209 not available at this time. Updated fire information will be sent via Flash Report](#))
- 3800 acres brush, 30% contained
- Residential Structures Threatened: 180 Destroyed: **2**
- Other Minor Structures Destroyed: 7
- Fire Management Assistance Grant (FMAG) was approved. FEMA-5057-FM-CA

Emergency Management:

Evacuations/Shelters

- Approximately 200 homes in Berryessa Estates are evacuated to Middletown High School
- Approximately 50 residents from the Berryessa Estates chose to stay and were allowed to stay at their residence.
- Evacuation Shelter opened at Middletown High School; Per the Red Cross web site (National Shelter System) [Overnight shelter count is 17](#)

Critical Infrastructure

- The Mendocino District is issuing a Boil Water Notice for the Lake Berryessa Resort Improvement water system (aka Berryessa Estates, system no. 2800526) due to a fire in the immediate area. The water system serves a population of approximately 500 people in Napa County from 179 connections.

SITUATION SUMMARY

Northern California:

Modoc July Complex Modoc County

Fire Information:

2 miles south of Dalton Reservoir

ICS-209 dated 7/2/2014 at 1832 hours

Fires in the complex: Dalton, Dobie, Northern, Janes, 16 other fires for 74 acres.

- Acres – 1,384
- Containment- 0%

Coleman, Vegetation Fire, Modoc County

Fire Information:

25 miles east of Fort Bidwell, California

ICS-209 dated 7/3/2014 at 0517 hours

- Acres- 4500
- Containment- 10%
- Threat to grazing land, Sage Grouse habitat, residential ranches 1-3 miles north and south

Southern California:

Ranch, Vegetation Fire, Kern County

Fire Information:

Near Lake Isabella, Kern County

ICS-209 dated 7/3/2014 at 0510 hours

- Acres- 150
- Containment- 0%
- Cooper Type 2 IMT assigned
- No Local Government commitment

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Significant Weather

- Fire Weather Watch from 7/4/2014 1200 hours to 2200 hours for Modoc and Siskiyou Counties.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

An upper level disturbance moving over northwest California will generate isolated to scattered dry thunderstorms through early this evening. The thunderstorm threat will end by Thursday as stable air moves over the region. Inland temperatures will remain at or above normal into the weekend.

San Francisco Weather:

Other than some additional sunshine at the coast today little change is expected in the weather pattern through the end of the week. A slight warming trend is anticipated this weekend as a high pressure ridge builds over the region from the desert southwest.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Near to slightly above normal temperatures expected through Friday, then trending upwards and becoming hot by early next week. There is a slight chance of thunderstorms over the mountains Sunday through Wednesday.

Hanford Weather:

High pressure will continue to bring above normal temperatures and mainly clear skies across the region through the weekend.

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

High pressure over the west will continue to keep inland temperatures warm to hot with increasing monsoon moisture over southeastern California. There will be a slight chance for thunderstorms over eastern Los Angeles county mountains and antelope valley Saturday afternoon and evening. Otherwise, expect mild conditions for coastal areas with patchy night through morning low clouds. A slight cooling trend likely by the middle of next week.

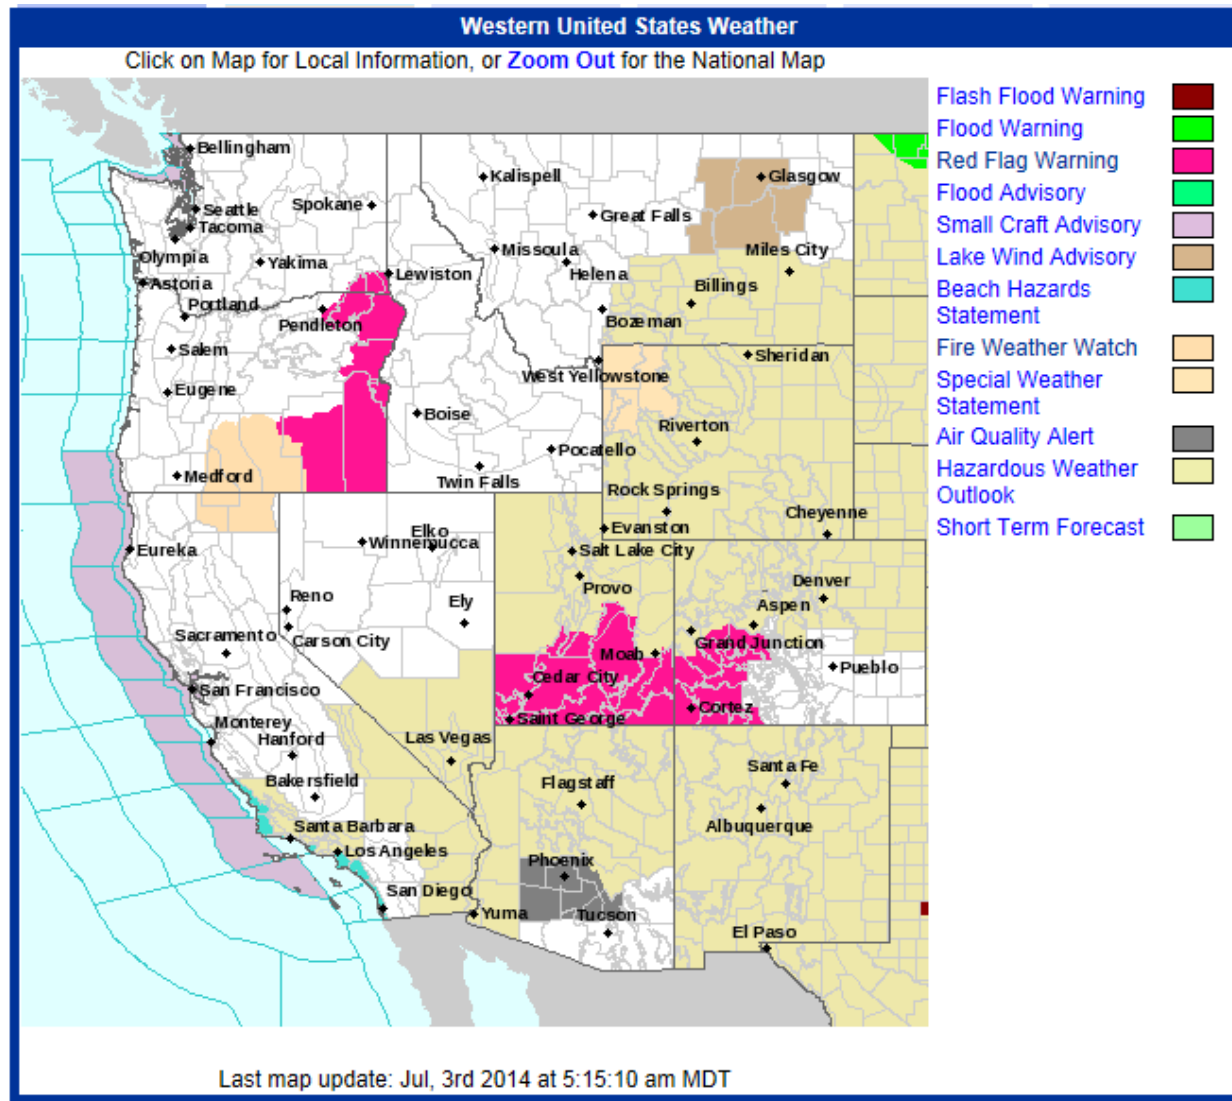

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Fair again today with a few low clouds lingering at the beaches, and temperatures are a few degrees above seasonal averages. A little warmer for the holiday weekend, with the marine layer becoming shallower and the night and morning low clouds becoming more patchy. Sub-tropical moisture moving in from the southeast will bring chances for afternoon showers and thunderstorms over the mountains and deserts Friday through early next week. The chance for showers and thunderstorms decreases after Monday.

Southeast California Weather:

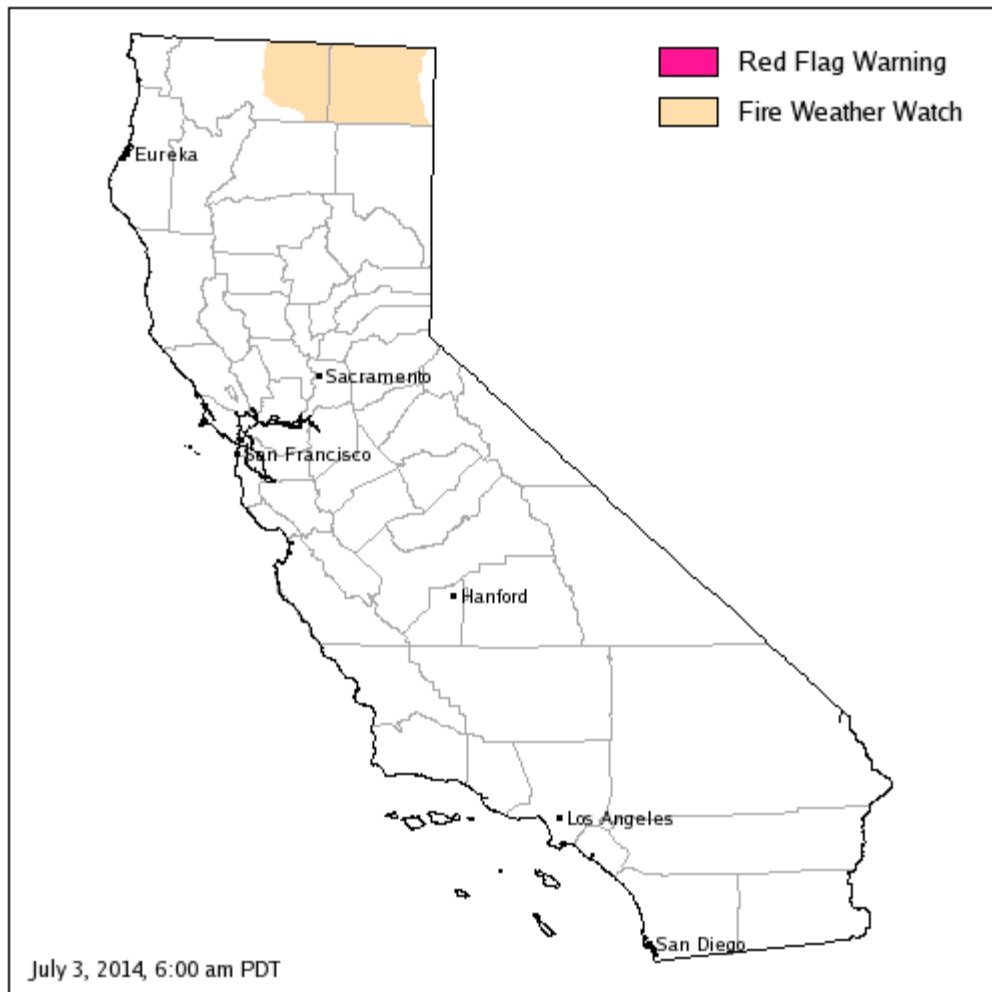

The arrival of monsoon moisture will bring cooler temperatures for the rest of the week and into the weekend, along with more clouds and increasing storm chances. Storm chances peak for the fourth of July holiday and on Saturday across south-central Arizona, and the potential for storms could reach as far west as the lower Colorado river valley and into southeast California by Friday and through the weekend. A slightly more stable and drier air mass moving into the region will then reduce storm chances from Sunday onward into at least the middle part of next week.

Butts Incident, Vegetation Fire, Napa County (Updated)

Fire Information:

- Per ICS 209 dated 07/02/14 at 1800 hours
- 3800 acres brush, 30% contained
- Residential Structures Threatened: 180, Destroyed: 2
- Other Minor Structures Destroyed: 7
- Fire Management Assistance Grant (FMAG) was approved. FEMA-5057-FM-CA

Local Government Equipment Committed

- Five Local Government Strike Teams- (1) Type 1 Strike Team, (3) Type 3 Strike Teams, (1) Type 5 Strike Team
- One Water Tender
- Two Engines

Total Personnel Committed: 800

Emergency Management:

Evacuations/Shelters

- Approximately 200 homes in Berryessa Estates are being evacuated to Middletown High School
- Evacuation Shelter opened at Middletown High School, 20932 Big Canyon Rd, Middletown, Ca; Overnight population: [17](#)
- Approximately 50 residents from the Berryessa Estates chose to stay and were allowed to stay at their residence.

Butts Incident, Vegetation Fire, Napa County (Updated)

Cal OES Deployments

- Cal OES Assistant Fire Chief Salvate is on scene

Road Closures

- Butts Canyon Road and Snell Valley to the north and at Aetna Springs Road to the south
- Road closures being manned by California Highway Patrol

Critical Infrastructure

- The Mendocino District is issuing a Boil Water Notice for the Lake Berryessa Resort Improvement water system (aka Berryessa Estates, system no. 2800526) due to a fire in the immediate area. The water system serves a population of approximately 500 people in Napa County from 179 connections.
- Public Safety Communications has assigned three technicians. There are no specific resources being impacted at this time.

Emergency Operation Center (EOC) Activations:

- Napa County OES is currently at duty officer status.
- Lake County OES is currently at duty officer status.
- Cal OES Coastal Region Duty Officer is currently at Level 1 status.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

****As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.****

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-3961**, On behalf of Fairfield Police Department, Solano County Sheriff is requesting one Human Remains Detection (HRD) K9 to assist in a 30 year cold case homicide. The Cal OES Law Duty Officer is coordinating resources.
- **2014-LAW-2798**, El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2483**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

CAL OES MISSIONS

Closed Cal OES Missions

2014-LAW-3971, International Rescue Emergency Coordination Center (IERCC) advises of a SPOT activation which plotted in San Diego County near Laguna Meadow and Chico Ravine. IERCC said the device had not moved from its original location and could not provide any further information concerning the R/O. LDO contacted San Diego County Sheriff's Department (SDCSD) and relayed the SPOT activation and coordinates. At 1604 hours, SDCSD advised they had deployed their Helicopter and Ground SAR. At 1641 hours, LDO talked with one of the emergency contacts who advised this SPOT device was being used for a military exercise and was activated in error. At 1645 hours, LDO talked with SDCSD and learned their helicopter had landed making contact with a group identifying themselves as military personnel involved in a land navigation training exercise. The group confirmed there was no emergency and deactivated the device. LDO updated IERCC with the information and confirmed the device was no longer transmitting. **Mission Closed**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
